DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 24, 2006 has been entered.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 18-26 and 42-47 are rejected under 35 U.S.C. 103(a) as being unpatentable over Swierczek, US 6,941,275.

Swierczek discloses, e.g. Figs. 1-6, a portable communications device, e.g. 20, an input, e.g. 84, a database, e.g. 16, and a processing unit to analyze the music, e.g. col. 3, lines 16-36, identify the music, e.g. 10, 54, and purchasing information, e.g. 60. Swierczek does not explicitly disclose a processor. However, the processing unit operates as a processor. Official Notice is taken that processors used with databases have been common knowledge in the art. To have provided such for Swierczek would

have been obvious to one of ordinary skill in the art. Applicant's REMARKS have been reviewed, but are moot in light of the new grounds of rejection.
